Education

Purpose

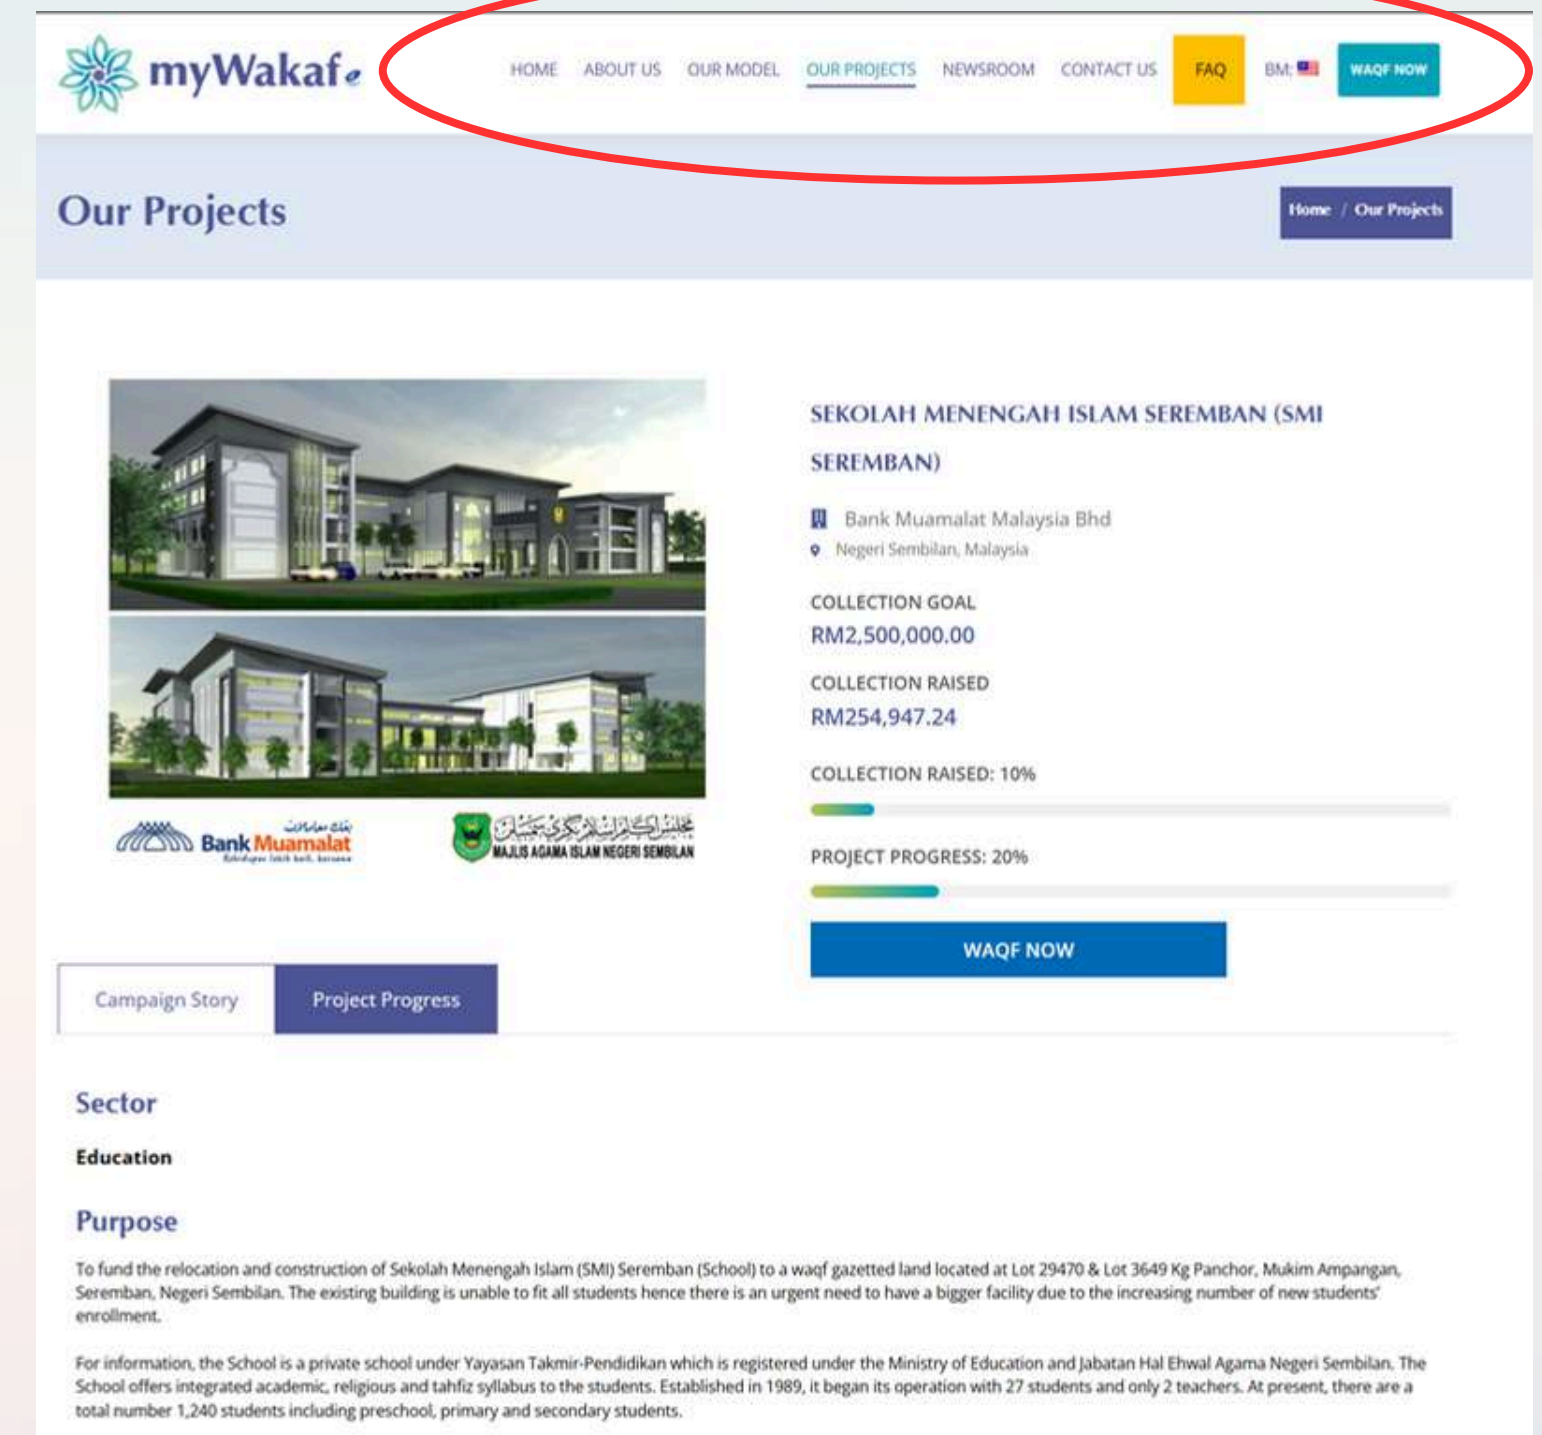

To fund the relocation and construction of Sekolah Menengah Islam (SMI) Seremban (School) to a waqf gazetted land located at Lot 29470 & Lot 3649 Kg Panchor, Mukim Ampangan, Seremban, Negeri Sembilan. The existing building is unable to fit all students hence there is an urgent need to have a bigger facility due to the increasing number of new students' enrollment.

For information, the School is a private school under Yayasan Takmir-Pendidikan which is registered under the Ministry of Education and Jabatan Hal Ehwal Agama Negeri Sembilan. The School offers integrated academic, religious and tahfiz syllabus to the students. Established in 1989, it began its operation with 27 students and only 2 teachers. At present, there are a total number 1,240 students including preschool, primary and secondary students.

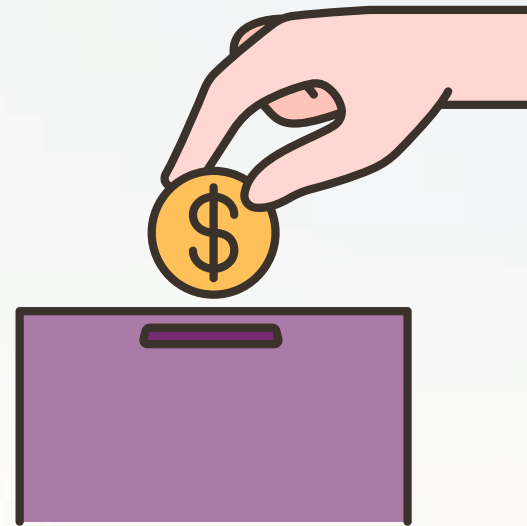

- Projects displayed are unlocalized and limited (currently only 5 projects are on the website)
- Normal individuals cannot post campaigns on their own

- No user personalization; users can't see and keep track of their own past donations

The image shows a screenshot of the 'Easy2Wakaf' website's signup page. The page has a white background with a teal header. The main heading is 'Join Us Today' in a large, bold, black font. Below it is a subheading in a smaller, grey font: 'Sign up now and be part of a platform that makes giving easy, transparent, and impactful. Together, we can build a stronger, caring community.' The form consists of several input fields: a long text field for 'IC No' containing '990402-14-5273', a text field for 'Name' containing 'Aman', a text field for 'Surname' containing 'Iskandar', a text field for 'Phone Number' containing '+60-1164370599', and a date field for 'Date of Birth' containing '09/21/2001' with a calendar icon. Below these fields is a teal button labeled 'View Attachment'. At the bottom of the form is a large teal button labeled 'Sign Up'. Below the 'Sign Up' button is a link that says 'Already have an account? Login'. To the right of the form is a large, dark, artistic image of a mosque with domes and minarets under a night sky with light trails.

Waqf Collection & Distribution Report

About Us

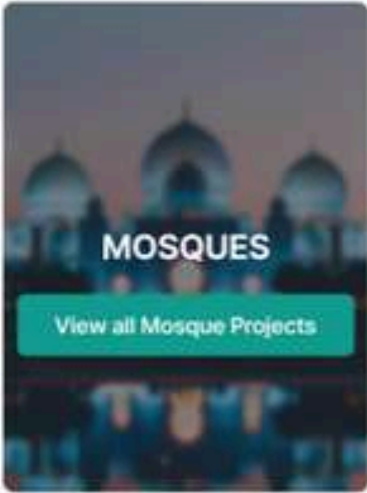

Easy2Wakaf is a modern, user-friendly platform designed to simplify the way you contribute to waqf. Our mission is to make giving effortless, fully trackable, and completely transparent. With Easy2Waqf, you can make your waqf payments in just a few clicks while easily monitoring where your contributions go and how they're being used. We believe in building trust through clarity, ensuring every donor stays informed and connected to the causes they support.

Project Details

The Masjid Putra Expansion Project 2026 aims to increase the mosque's capacity from 15,000 to 25,000 worshippers, ensuring a more comfortable and inclusive space for the growing community. This project will enhance prayer areas, facilities, and amenities while preserving the mosque's iconic architectural heritage for future generations.

Project**

Phase 1

Selangor-based Pilot Program

🎯 Objectives:

- Test core features and user experience
- Validate regulatory compliance with PWS
- Build trust with early adopters

👥 Key Partners:

- Perbadanan Wakaf Selangor (PWS)
- Yayasan Waqaf Malaysia (YWM)

💻 Technology:

- Web2 payment integrations
- Public dashboards for transparency: total collected, progress bars, etc.

🔄 Features:

- Online donation system with receipt
- Project validation system (upload PWS approval letters, etc)
- Donor tracking dashboard

Phase 2

Major quality-of-life improvements

🎯 Objectives:

- Introduce localization via Google Maps API
- Innovate on website quality via better visualizations, syariah-compliant gamification features etc.

🌍 Key Innovations:

- Google Maps API: Display Wakaf projects by location, with filters
- Gamification: Streaks, badges, sharing to promote peer influence, in a Halal way
- Power BI Powered Visualizations: for enhanced decision-making and user engagement
- Widening of Web2 payment options (if not enough variation)

Phase 3

Nationwide deployment

🎯 Objectives:

- Scale to all 14 states
- Integrate with State Islamic Religious Councils (SIRC) for localized project approvals
- Leverage modern technologies like Web3 for advanced donors and transparency

👥 Key Stakeholders:

- YWM (federal support)
- JAWHAR
- Each State Religious Council (MAI)*

💻 Tech Enhancements:

- Web3 payment integration (optional layer for advanced users)
- Specific application requirements in accordance of state regulations

How we plan to scale?
